

**hymarkacademy.us**

**7<sup>th</sup> through 12 grades. \$199 per month (10 months). Online and local hubs. Accredited. No mask or Bioweapon death jab needed.**

**See science facts on [makiningsenseofcovid.com](http://makiningsenseofcovid.com)**

**What others are saying...**

*What a joy it is to teach my children the truth* (Betsy Boyce, home school mother)

*This looks so good! This is what we have been praying for these grades.* (Christine Field, home school author & lecturer)

**Get diploma & BS/BA same day – Save \$100,000**

Free mentoring for all enrolled students helps save \$100,000+ of college tuition. Avoid the college campus. Dual-graduation for a 4-year head start on life.

**Dual-Credit, Practical Worldview ...**

There's also a dual-credit option with the college of New Geneva Leadership Academy in Appomattox, Virginia. This lays a correct world view foundation for the student's general education requirements, integrated into their career path.

Hymark Academy integrates the learning into every subject using "the lost tools of learning:" Latin, logic, rhetoric, apologetics, debate and Great Books. Elective offerings allow non-college bound students to graduate

from high school with a minor in trade/subjects like carpentry, plumbing, criminal justice, graphic arts, marketing, etc.

*A Classical Education*

**At Your Fingertips...**

The Grammar level (intro) courses at King's Way are nominally priced at \$25. That's 1/3 of the curriculum, including the entire 7<sup>th</sup> grade. These courses are self-taught and computer graded.

**Most families choose our \$1,791 Annual Tuition" program with live teachers. This is at least half the average tuition at other Christian web schools. Our goal is to remain competitive with the so-called "free" government schools. King's Way offers these additional educational benefits:**

**Benefits**

- On-line discussion format in upper grades.
- Affordable alternative to humanistic government school system, that is destroying your children's faith.
- Take just one course or an entire grade level.
- Critical thinking and communication skills in "live-fire" settings.
- Prepares student for life and leadership, not just making a living.
- Senior community practicum & seminar helps student integrate classical reading program.
- Low cost courses permit you to sample the program without financial risk.
- The "Great Man" approach to historical studies: Representative figures and their "schools of thought" are studied in history,

economics, art, music, etc.

# Curriculum

## I. GREAT BOOKS HALL

- A. Great Books Introduction I, II, III, IV, V, VI (all \*)
- B. Great Books Colloquium I, II, III, IV, V, VI
